

TIMES PHOTOGRAPHER MARC ASPLAND

Marc writes: By sheer chance when I was flying my drone above Clarence Park I discovered St Albans Croquet Club on a beautiful evening. Croquet is a mix of snooker and chess, but on grass. It is a game of high skill and strategy, with precision and touch as important as hitting those long shots across the beautiful lawns. I am so pleased to feature croquet here in my football-led gallery.

Equipment used: DJI Mini2 SE drone.
